LET'S GO TO HOLLYWOOD NEXT...ON THE WAY, WE'LL SPEND A FEW HOURS AT THE RISING SUN CASINO!

Doesn't this sound fantastic! THE NEW HOLLYWOOD Casino (opened July 2009) - the largest casino in the Midwest features art deco columns and a miniature Hollywood Bowl intended to evoke the heyday of the 1940's. With 40-foot ceilings and over 4,200 gaming positions you are going to step out of Indiana and into Las Vegas! The new space will accommodate up to 8,500 guests. There are 200 flat screen TV's along an 80-foot long serpentine wall that will broadcast movies, television and other entertainment. There are also two indoor streetscapes - one themed "Water Works" to project an urban feel and another, "Central Park", will make you feel you are in New York City. There are 300 slot machines in a non-smoking section and the Celebrity Grill offers a full-service restaurant on the casino's main level. Hollywood Casino was voted as one of the top 10 places in the world to strike it rich. It is also considered by Slot World magazine to have the *loosest slots* in the world. Red hot slots, Poker, Blackjack, Roulette, and every game you can imagine, on this massive floating casino riverboat!
